PROFILE SUMMARY

Full-Stack & Mobile App Developer based in Dubai, open to remote and onsite roles. Skilled in React, Angular, Flutter, and Node.js. Experienced in delivering high-quality, scalable web and mobile applications. Adept at collaborating with cross-functional teams in Agile/Scrum environments to optimize performance, improve UX, and ensure maintainable, secure codebases. Strong in problem-solving, code review, and unit testing practices.

SUMMARY OF QUALIFICATIONS

Full-Stack Developer with hands-on experience in building and deploying scalable web and mobile applications using React, Angular, Flutter, and Node.js. Skilled in RESTful API integration, cloud services (Firebase, AWS), CI/CD automation, and Agile/Scrum methodologies. Strong foundation in problem-solving, debugging, and performance optimization with proven success delivering production-ready solutions.

CORE COMPETENCIES

Full-Stack Development • Frontend & Backend Development • JavaScript Frameworks (React, Angular, Next.js) • RESTful API Integration • CI/CD Automation • Agile/Scrum Methodologies • Cross-Functional Collaboration • Problem-Solving • Code Review & Unit Testing • State Management (Redux, GetX, Provider) • UI/UX Optimization • Firebase & Cloud Services • Database Design (MongoDB, Firestore) • Version Control (Git, GitHub)

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Dart, HTML, CSS, Sass

Frameworks: React, Next.js, Angular, Flutter, Node.js, Express

Databases: MongoDB, Firestore

Tools: Git, VS Code, Android Studio, Postman, Figma

Cloud & APIs: Firebase, AWS, REST API Integration

Testing & Deployment: GitHub Actions, CI/CD

PROFESSIONAL EXPERIENCE

Full-Stack Developer (Web & Mobile) | Matajar Group – Dubai, UAE (Apr 2025 – Present)

- Developed and deployed scalable full-stack web and mobile applications using React, Angular, Flutter, and Node.js.
- Configured CI/CD pipelines with GitHub Actions for automated testing and deployment.
- Optimized UI performance, improving load times and enhancing user engagement.
- Implemented secure authentication and RESTful API integrations for cross-platform functionality.

Full-Stack Developer | DRUV 360 – Ernakulam, Kerala (Sep 2023 – Jan 2024)

- Built and maintained full-stack web applications using React.js and Node.js, enhancing performance and reliability.
- Integrated RESTful APIs and third-party services to enhance system functionality.
- Contributed to UI/UX improvements and optimized state management for seamless user experiences.

Web Developer (Freelancer) | Kozhikode, Kerala (May 2022 – Aug 2023)

- Delivered two e-commerce websites using Angular and React, achieving a 98% client satisfaction rate.
- Developed single-page applications (SPAs) optimized for performance and mobile responsiveness.
- Collaborated directly with clients to gather requirements and deliver tailored business solutions.

PROJECTS

Mom's and Wives – Skills Marketplace

- Developed a Flutter app empowering women to showcase and sell handmade products.
- Built a React-based admin dashboard for vendor management and business analytics.
- Grew a large active user base within six months and streamlined vendor onboarding for faster adoption.

Dexpress – Grocery & Investment E-commerce App

- Created a Flutter-based grocery app integrated with an investment rewards system for daily shopping benefits.
- Built an Angular admin panel with a Node.js + MongoDB backend for inventory control and performance analytics.

Venture – AI Itinerary Builder

- Developed an AI-powered travel planner using Next.js, Tailwind CSS, and the OpenAI API.
- Integrated MongoDB and the Pexels API to generate dynamic, visually rich travel itineraries.
- Enhanced itinerary generation speed by 40% and improved UI responsiveness across devices.

EDUCATION

Bachelor of Computer Science, Calicut University (2021 – 2024)

ACHIEVEMENTS

- Self-taught Full-Stack Developer — mastered React, Next.js, Node.js, MongoDB, and Flutter through extensive hands-on projects.
- Delivered multiple production-ready applications, improving scalability, performance, and overall business efficiency.
- Recognized by clients and teams for delivering high-quality solutions within tight deadlines.
- Continuously learning emerging technologies to stay aligned with modern web and mobile development trends.

Professional Goal: Passionate about building impactful digital solutions that combine performance, scalability, and user-centered design.
